

## From the Nurse

Here are a few helpful facts from the nurse's office.

- Schools are required to exclude students with certain illnesses from school for periods of time as identified in state rules. For example: For a fever of 100.4 or greater a student must be kept home for 24 hrs until they are fever free (without the aid of fever reducing medications).
- All medications must go through the nurse's office. For example: Do not send Tylenol, tums, probiotics, or any medication with your child. All medications must have a Dr.'s order and be in their original container and kept in the nurse's office. (even over the counter drugs) For further information regarding health or medications you can refer to our handbook online: [www.boerneisd.net/handbook](http://www.boerneisd.net/handbook)
- Please keep a change of clothes in your child's backpack in case of an accident (especially if your child is in Kindergarten) Include: shirt, bottoms, underwear and socks. If your child comes home in clothes that are borrowed from the nurse's office, please wash them and return them to the nurse.
- If you update your child's immunizations, please give the nurse a copy of the new immunizations.
- If you change your phone number or address, please let the office know. That way we can reach you in case of an emergency.
- If you notice a four digit number coming across your phone as 4609, that is the nurse trying to contact you. Depending on your cell phone service, it may not show as a normal seven digit number.

If you need to reach me, please feel free to call or e-mail me.

Phone: (830)357-4609

Fax: (830)357-4699
