

## PRIVATE LESSON INFORMATION

In the Voss MS Band Program, your child has the opportunity to take private lessons from highly experienced music instructors. To further assist your child in succeeding musically, I highly recommend private lessons.

A private instructor can make a great difference in a student's performance by enhancing the obvious potential of the good student and helping the weaker one. I recommend private lessons for all band students.

There are professional musicians for all instruments that come to Voss and teach before school, after school, or during class time. The lessons are thirty minutes long and range from approx. \$20-\$25.00 per lesson, depending on the instructor. During the lesson, the instructor works "one on one" with the student. The lessons focus on helping the students to improve on the areas he/she most need to work. The lessons are filled on a first come, first served basis. They will begin about the second week of school and will continue throughout the school year. The lesson schedule will follow the school calendar regarding the holidays.

If you wish to take advantage of the Private Lesson Program, please complete the bottom portion of this notice and return it to a Band Director as soon as possible. The private lesson teacher will then contact you to answer any questions and set up the most desirable time for your child's lesson. Private lessons will help your child excel as an individual as well as help them prepare for contests and concerts. Lessons also help students prepare for the very competitive band programs at Boerne HS and Champion HS. Please consider enrolling your child in the Private Lesson Program.

If you have any questions, please call at 357-3500 ext. 3615

Thank you
