# Charge of the Committee

The goal of the CBC is to ensure that parents, staff, and community members have the opportunity to review current campus attendance boundaries and propose new campus attendance boundaries that will accommodate the opening of VWES.

The CBC is an ad hoc advisory committee, representing various stakeholders of the district community.

The committee will work to reach consensus on proposals to move forward for consideration by the greater community and ultimately the Board of Trustees.

- Listen with an open mind
- Actively participate in the work
- Be prepared to share your thoughts and perspective
- Make recommendations by consensus
- BISD staff are here to serve as a resource
