

Boerne ISD School Health Advisory Council Annual Report, 2017-2018

What is the SHAC?

Each Texas school district is required by law to have a School Health Advisory Council, of which the majority of members must be parents who are not employed by the school district. The SHAC membership represents segments of the community and school district which provides advice to the district on coordinated school health (CSH) programming and its impact on student health and learning.

SHAC Requirements:

A board shall establish a local school health advisory council (consisting of at least five members) to assist a district in ensuring that local community values are reflected in the district's health education instruction. SHAC must meet at least four times a year and publish on the district website. Role of the SHAC is to review and make policy and curriculum recommendations to the board that reflect local community values.

The local school health advisory council's duties include recommending:

- (1) the number of hours of instruction to be provided in health education;
- (2) policies, procedures, strategies, and curriculum appropriate for specific grade levels designed to prevent obesity, cardiovascular disease, Type 2 diabetes, and mental health concerns
- (3) appropriate grade levels and methods of instruction for human sexuality instruction;
- (4) strategies for integrating the curriculum components in these areas:
 - (A) school health services;
 - (B) counseling and guidance services;
 - (C) a safe and healthy school environment; and
 - (D) school employee wellness; and
- (5) if feasible, joint use agreements or strategies for collaboration between the school district and community organizations or agencies.

Meetings

SHAC members met on September 25, December 11, April 9, and May 14 from 4:30-6:00 p.m. in the BISD Central Office. Meetings were led by Dr. David Wampler, KHS Parent Representative and SHAC Co-Chair. Dr. Holly Robles, Lead for Safe and Drug Free Schools, served as the district's SHAC Co-Chair, and Mallory Gonyer served as the SHAC Secretary. The 2017-2018 SHAC was comprised of nineteen parent representatives, two student representatives, three community representatives, and four district representatives. Parent and community representatives included: domestic violence shelter education specialist, pediatric nursing, community mental health providers, community health research, school air quality and facilities administration, public health, emergency medical response, and food allergies experts.

Minutes

SEPTEMBER 25, 2017

2016-2017 Review Annual Progress report and Introductions:

Dr. Robles went over SHAC responsibilities and roles review. Dr. Robles reviewed history of sex education laws and new laws and implementations regarding curriculum.

E-cigs education code has been amended. SHAC role is to recommend instruction to prevent use of e-cigarettes. Options will be given and will be reviewed as committee. School board will be given final approval.

Review of progress report submitted to Board

Follow up on best day and time to schedule BISD fundraisers with cooperation of Cheryl Rayburg.

BISD Food Services Update:

Mrs. Rayburg presented on cafeteria remodel. New equipment has been installed. Target date for opening is middle of October 2017. This new cafeteria will service all students in the academy and staff from central office will be able to order lunches from there. BISD is looking to hire chef to help with catering, training of staff, nutritional and dietary needs as well as coordinate meetings. Mrs. Rayburg started a new menu planning program this year. State of TX purchased program that includes allergy info and nutritional info. Elementary menus are completed and online. TDA will audit child nutrition programs this year. Menu planning online program will be helpful for audit and a time saver. Mrs. Cheryl Rayburg attended four trainings regarding menu planning and other services.

National Walk Back to School day:

Two of our campus' (CCES and FORES) will be participating. Mrs. Gish reports on promoting physical fitness, cleaner environment, promoting safety as well as community awareness event. Dr. Warbler brought to attention the possible need for sufficient bike racks. Community benefits to increase community involvement and daily safety awareness.

Safety Issues:

Brought up safety issues for pedestrians crossing from Champion/CCES across Hwy 46.

Update to Health Texas Essential Knowledge and Skills

Mrs. Bullard presented on new program that will be implemented in curriculum. Curriculum will need to be added that the Drug, Sexual Abuse and trafficking task force shall develop a program that a school district may use in the districts health curriculum. Mrs. Bullard encourages this curriculum be added to human sexuality course. Parent notification will be needed. Prevention of sexual abuse and sex trafficking and participation by the human trafficking by human task force in that development. Everything the program must include knowing risk factors for sex trafficking, procedures for reporting, strategies for prevention, information high risk activities etc. Dr. Robles reports that a curriculum will be chosen and report back to SHAC to approve. Texas Senate Bill 30 interaction with peace officers to promote students have a positive relationship with peace and police officers.

David's Law Senate Bill 179

Dr. Robles presented on David's Law. Handout was given to SHAC participants. New changes the definition of bullying and changes how schools are able to deal with bullying. Cyberbullying has been

added to definition of bullying. If takes place on campus as well as school bus, school related or school related activities or a significant disruption. Mrs. Gish requested teachers be notified they are able to report anonymously. Dr. Robles reports that procedures will be rolled out when completed.

Summer Training Report and Update on Prevention Campaigns:

Dr. Robles reviewed summer training program and education that was offered to staff and faculty. Annual training for new and current employees was provided by Dr. Robles. Dr. Robles reported six clinical counseling interns now on BISD campuses offering free and confidential counseling. Parents Aware workshop and student assemblies in October on effects and problems related to alcohol and substance abuse. Continuing Living Naturally High program.

DECEMBER 11, 2017

Quorum established by Chair, Dr. David Wampler

Minutes – Tina Andre moved to approved minutes; Lynn Bullard seconded; all agreed.

Self-Introductions by members of committee and guests

- Carole Gish, update on House Bills applicable to nursing and health
 - o Handwashing campaign
 - o District provided flu shots for staff
 - o MD note for crutches at school due to liability
 - o Coat drive and other wellness programs
 - o Cardiologist offered to speak during Feb. Heart

- Wampler asked for “Stop the Bleed” course to be provided from all BISD employees.
- Dr. Suzanne Marljar Dabbous presented on Breast Health related to Texas HB 2102
- Ms. Bullard presented on P.E. and Health Coordinator updates. DEA- Armando Talamantez has offered to come speak to students regarding substance abuse.
 - o New Senate Bill 489- School Program Health Updates E cig curriculum
 - Program offering free e-cigarette prevention curriculum- “Catch my breath”
 - SHAC has to approve E-cig curriculum
 - Present Kid SHAC at each campus. Dolly will present from Harlandale ISD. Ms. Bullard will schedule presentation at next SHAC.

Motion to adopt Catch Your Breath program by Tina Andrie; Sue Edwards seconded; all agreed.

- Mr. Bell, Dr. Robles, and secondary nurses attended field sobriety assessment training.
- JOVEN services will terminate from Fair Oaks Ranch Elementary. If issues continue, SACADA will provide services exclusively.
- Bullying reporting training-Senate Bill 179- Bullying website for anonymous reporting- Adding other incidents report. Will build icon on front page for incident report.
- Trauma informed training is also mandated due to Senate Bill 179.
- Teen Dating Violence and Sexual Harassment- Relooking at health curriculum. Kendall County Women’s Shelter will expand coverage of sexual harassment and sexual assault/consent in

existing presentations in high school health classes and for Teen Dating Violence Prevention Month on all four secondary campuses.

April 9, 2018

Campaign started to increase overall coverage for children eligible for Medicaid and CHIP, especially related to asthma. Ms. Bullard reported teacher checklist to limit triggers to asthma. Dr. Spoor will ask about policies related to allergy/asthma. Ozone alert day: email sent out to teacher and staff by Ms. Gish. Ms. Bullard will research ozone policy and will present on topic next meeting.

Stop the Bleed: Jessica Davila-Burnett will get in touch with benefactor, possibly Leadership Boerne for Stop the Bleed to provide to district employees. All but one school nurse completed the training. Ms. Gish requested one hour training during back to school week. Several of the district's school nurses have included tourniquets ad hoc, but there is no systematic mechanism to apply Stop the Bleed tenets for the district.

NARCAN: If funded, ok. Concern with implication after drug is administered and lack of training. Dr. Wampler believes Naloxone safe but may not be beneficial with the EMS and first responders are well trained and have capability to quickly respond to such rare instances. Boerne PD has been trained to use NARCAN.

Sex Education curriculum: Tamara Thornton reported beliefs that content and concepts were aggressive, curriculum for parents unavailable to review and only available by appointment in the library. Requesting component online where parents can review. Requested more parent involvement. Ms. Bullard reports this the most conservative program and believes it is best for district. Dr. Spoor reports possible change in how curriculum is delivered. Subcommittee to be formed in order to go over Sex Ed curriculum and possible change.

Review policies and procedures regarding food allergies and increase in communication. Subcommittee formed and will begin meeting to form recommendations for policy changes and training to school administration. Dr. Wampler reported need for evidence based knowledge to be included.

Plan to apply to SHAC award application for Texas.

May 14, 2018

Co-chair Dr. David Wampler was unable to attend, and meeting was facilitated by co-chair Dr. Holly Robles. Minutes were approved as presented.

Mrs. Bullard reported that the sex education subcommittee had not yet met, but would meet once this summer, and then would continue to meet over the next school year to review sex education curricula.

Mrs. Bullard also reported that she disseminates the current ozone status on a daily basis to campuses to allow PE teachers to make decisions regarding outdoor activities.

Darcy Moore reported on proposed recommendations for a district-wide food allergy awareness campaign; Carole Gish reported on a proposed food allergy policy and anaphylaxis plan for the school district. Dr. Robles recommended making modifications in the plan in the bullying section and adding Lauren's law; Dr. Price attended the meeting and requested a page-by-page review with Dr. Robles and

a small group to discuss the recommendations. Lynn Bullard recommended passing the proposed policy and plan to the BISD administration with changes; Brooke Ball seconded.

Elizabeth Nolen, Family and Community Involvement Coordinator, presented on the mentoring program. <http://www.boerne-isd.net/community/mentoring>

Jerry Lamping presented on his role on the Strategic Planning Committee, and would like to take the SHAC's needs and recommendations back to the Strategic Planning Committee by the end of August, 2018.

Mrs. Gish and Mrs. Bullard reported on Campus Wellness Plans and activities.

Mrs. Bullard reported on the School Health Survey report to TEA for this school year.

Dr. Robles closed the meeting by inviting SHAC members to hear the report to the board on May 21 for safe and violent offenses and prevention activities for the previous school year and on June 18 for the annual SHAC report, as well as the success of the coordinated school health programs that the SHAC committee had supported. She reported on the reduction of substance-related offenses and violent behaviors in the DAEP, and read letters of thanks from students involved in the Extreme Youth Leadership Program. All members were thanked for their service to the school district and community.

FFA(REGULATION) Student Welfare Wellness and Health Services:

IMPLEMENTATION

Each campus principal is responsible for the implementation of FFA(LOCAL) and this wellness plan at his or her campus, including the submission of necessary information to the SHAC for evaluation.

The Assistant Superintendent for Curriculum and Instruction or designee is the District official responsible for the overall implementation of FFA(LOCAL), including the development of this wellness plan and any other appropriate administrative procedures, and ensuring that each campus complies with the policy and plan.

EXCEPTION FUNDRAISERS

State rules adopted by the Texas Department of Agriculture (TDA) allow an exemption to the Smart Snacks requirements for up to six days per year per campus when a food or beverage is sold as part of a District fundraiser. [See CO(LEGAL)]

The District will allow elementary campuses one food/beverage fundraiser and secondary campuses six food/beverage fundraisers per school year. The BISD Food Services Director will collect end-of-year meal participation data and share with each principal in order to determine the optimal month and day/week in which to schedule each school's food/beverage fundraiser(s).

An annual evaluation of the goals and objectives included in policy FFA(REGULATION) was required starting in the 2016-2017 school year. The following input was provided by principals and the district's Director of Food Services.
